TAKIN BEOTHERS OF CHINA. LIMITED. SPECIAL AGENTS FOR VINOLIA PREPARATIONS. A FEW WORDS ON "VINOLIA." The reception and widely established substantial reputation of Vinclis are due to the fact that it fulfils a function which nothing has ever done in the same messure. It is bland and soothing, yet free from narcotics and other toxic ingredients. It is noteworthy that it is not sticky or greasy, and also that it is the only un-

every time: thus in all forms of skin irritation its usefulness is supreme. The leading media! men of the world prescribe it. For eczama, burns, piles, chaps, chilblains, &o., it is facile princeps. Per Tin. 75 cents. FEW WORDS ON "VINOLIA" SOAP. There are scape and scaps—scaps with flowers cured upon them in bas-relief, soaps of lovely tints and rare and attractive perfame, and soaps as cheap as dirt. But a goodly outside is no voncher of a goodly substance. So we find sikalies lurking in even finest toilet soaps, and cauticizing the skin, drying it, and predisposing it to all manner of troubles, and aggravating diseases already established. Vinolia Soap is superfatted, lathers freely, does not crack, and wears away slowly. Another thing: It contains less water than any other seep. It is not generally known that "the cow with the iron tail" has yielded as much

MPERIAL QUARTO. INGLISH AND CHINESE DICTIONARY. WITH THE PUNTI AND MANDARIN TO PRONUNCIATION. An Anglo-Chinese Dictionary, published at the

Daily Press Office. Hongkong. For comprehensiveness and practical service this Work stands unrivalled. All the new words which the Chinese have of late years been compelled to coin to express the numerous objects in machinery, photography, telegraphy, and in science generally, which the rapid advance Rules of H.B.M. Supreme and other Courts [ in China, Japan &c., with New Table of Fees. of foreign relations has imposed upon them, are here given in extenso. Each and every word is fully illustrated and explained, forming exercises for students of a most instructive nature. Both the Court and Punti pronunciations are given the accents being carefully marked on the best Regulations for the Consular Courts of United principle hitherto attained. The typography displays the success of an attempt to make the Chinese and English type correspond in the size of body, thereby effecting a vast economy of space, achieving a clearness not previously attained, and dispensing with those vast margins and vacant spaces which have heretofore characterized Chinese publications. Customs and Harbour Regulations for open

To illustrate the vast scope of the work the following facts are submitted for consideration:-Chalmers' Vocabulary contains about 16,000 Chinese characters, and Medhurst's English and Chinese Dictionary about 100,000, whilst this work contains more than 50,000 English words, and upwards of 600,000 Chinese characters. Again, despite all the grammars and Orders may be sent to Daily Press Office, where other elementary works as yet published, the it is published, or to any of the following Agents student of this difficult language absolutely requires examples to display the various appli-cations and equivalents of different words which have one general meaning. Of these examples this work contains more than five times as HONGKONG ..... Messis. Lane, Crawford & Co. many as any other Dictionary hitheric pub-

For practical purposes the arrangement of the work is so complete, that a reference to its pages enables a person who understands English to communicate effectively with natives who understand nothing but Chinese. In this respect the work will be found indispensable to all NORTHERN& | Hall & Holtz Co-operative Co. | Europeans residing in China, and to the natives RIVER Ports ) and Kelly & Walsh, Shanghai. themselves it explains subjects fully with which very few indeed of them are perfectly acquainted.
